Patient Data is Flowing!

We are moving forward! Through the support and participation of Hawaiʻi's major healthcare providers, the Hawaiʻi Health Information Exchange continues to make progress in providing a secure hub for patient data. As more healthcare providers contribute to the Community Health Record, we will have a one-stop, single sign-on system to improve clinical decision-making, enhance care and deliver better health outcomes for patients.

Participating Facility	Available Data	Demographics	Admission Discharge Transfer	Laboratory	Pathology	Radiology Reports	Transcribed Reports	Medication History
