

How to access

Continuity of Care Documents (CCDs)

from Hawaii Pacific Health

using the Health eNet

Community Health Record

Hawai'i physicians now have the capability to access **Continuity of Care Documents** from the Hawai'i Pacific Health system:

- ✓ Kapi'olani Medical Center
- ✓ Pali Momi Medical Center
- ✓ Straub Clinic & Hospital
- ✓ Wilcox Memorial Hospital

Using the Community Health Record, providers can now access an all-in-one patient chart from Hawai'i Pacific Health that includes visit details, laboratory results, radiology reports, dictated notes, outpatient procedures and other pertinent health information – in addition to Admission, Discharge, Transfer information.

Additional Records May Be Available

You are trying to access patient information for which there is no current system data showing you to be a provider of record. Permitted uses of the information are for treatment purposes for patients which the user has a direct and active treatment/care provider role or has been requested to perform a consultation by the physician who is the primary care provider for the patient. You can establish this relationship as either longer term or for one time access by choosing the appropriate option below. PLEASE BE ADVISED THAT ACCESS TO ALL PATIENT RECORDS IS TRACKED THROUGH AN AUDIT PROCESS. INAPPROPRIATE ACCESS IS A CRIMINAL OFFENSE THAT IS PUNISHABLE BY IMPRISONMENT, FINES AND PENALTIES FOR EACH OFFENSE AND IMMEDIATE TERMINATION OF SYSTEM ACCESS.

☐ Remember my association with patient

[Access Additional Records](#)

Problems/Conditions Most Recent

Date	Description

Step 3

If the patient has HPH encounters,
ACCESS THE
DOCUMENTS TAB

The screenshot shows the 'Patient Summary' page. On the left sidebar, the 'Documents' tab is highlighted with a red box. A red arrow points from a text box to this tab. The text box contains the instruction: 'For patients with HPH encounters, click Documents tab'. The main content area shows a table with columns 'Date' and 'Description'. The table contains three rows of data: 07/19/2016 Headache, 07/15/2016 Testing restricted, and 07/14/2016 Testing Restricted. To the right of the table, it says 'No records to display'.

Date	Description
07/19/2016	Headache
07/15/2016	Testing restricted
07/14/2016	Testing Restricted

Step 4

IN THE
DOCUMENTS
TAB...

The screenshot shows the 'Documents' page. The 'Documents' tab is selected in the left sidebar. A red box highlights the 'Find External Documents' button in the top right corner. A red arrow points from a text box to this button. The text box contains the instruction: 'Click on Find External Documents to query HPH CareEverywhere system'. Another red box highlights the 'No records to display' message in the center of the page. A red arrow points from a text box to this message. The text box contains the instruction: 'Usually there are no records kept in Documents tab'. The page also shows a table with columns 'Date', 'Document Type', 'Author', and 'Sending Organization'. The table is currently empty.

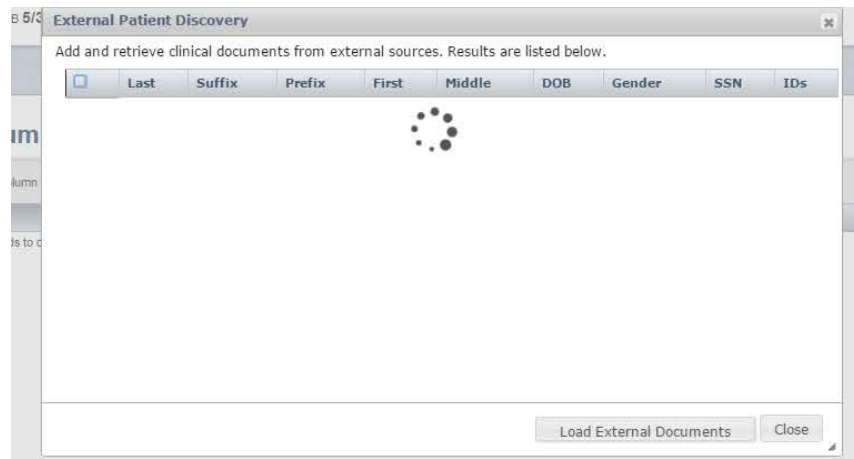

Date	Document Type	Author	Sending Organization
------	---------------	--------	----------------------

- INSURANCE

Source Comments

Hawaii Pacific Health is fully implemented with Epic EMR. Encounters in confidential departments are not available in Care Everywhere. Hawaii Pacific Health

CCD can be downloaded or Printed to hard copy. Send only works for Health eNet DSM user accounts

Note: Once another patient is accessed through Health eNet, the CCD will not be stored in the Document tab of this patient. The CCD with most up-to-date data will always be available for query through Health eNet. Also, patients who opt out of CareEverywhere will not have a CCD available.

**Better Efficiency
Better Care
Lower Costs**

**Health eNet
connects you
to physicians
across Hawai'i.**

Hawai'i HIE makes interoperability possible. No matter what type of practice, EMR system, hospital affiliation, or island, **Health eNet** allows you to:

- ✓ Access a database of 1.2 million patients and 20 million health records.
- ✓ Refer patients electronically. No paperwork, fax or phone calls needed.
- ✓ Join the 100's of Hawai'i physicians making 100,000 queries/month.

"I'm hoping the Community Health Record will continue to grow. Because as the system expands, physicians will come to realize it's a much more efficient way to access health records and, because of this efficiency, will save time and money."

Greigh Hirata, MD

Fetal Diagnostic Center of the Pacific
